**Re: Request to Cell C for the Approval / No Objection for the establishment of the Vangpan Solar PV facility and its associated Grid Connection Infrastructure**

1. The above matter refers.
2. Cell C has reviewed your request and in consideration of the provisions of Section 29(1) (b) of the Electronic Communications Act no. 36 of 2005 ("the Act"). There is no possible impact of the Vangpan Solar PV facility and its associated Grid Connection Infrastructure on the Cell C network and services.
3. From the information provided by yourselves and the Cell C analysis, Cell C does not have any objection with the construction of the proposed power plant as Cell C does not have any infrastructure at the location of the proposed Vangpan Solar PV facility and its associated Grid Connection Infrastructure.
4. Cell C trust you find the above in order.

Yours sincerely,
